

3D CHARACTER ANIMATOR AND TEAM LEADER

Working with high performing teams to share stories is what I enjoy most as an animator. I thrive in a collaborative environment. As a teammate, I am open to suggestions, challenge others to help them grow, and strive to lead by example.

EXPERIENCE

Modern Warfare 2 | Animation Intern June 2022 - Sep 2022

Working at Activision's Infinity Ward studio, I am deepening my knowledge of the Video Game Pipeline as I help the team prepare *Modern Warfare 2* for its launch date.

Tea Dragons | Codirector July 2021 - May 2022

From writing and storyboarding to then animating, compositing, and giving constant feedback, I worked closely with my fellow director and team to create our thesis film.

Hex Limit | Animation Lead Sep 2020 - May 2021

Accountable to lead the 3D Animation Department at SCAD Animation Studios. I worked with my 20-person team as well as other department leads. I set department goals, provided feedback, while also animating shots.
